Kort præsentation

Jakob Willesen er uddannet dyrlæge i 1999 og har siden 2000 været ansat på Universitetshospitalet for Familiedyr. I 2008 fik Jakob Willesen tildelt PhD graden for sit arbejde indenfor området Fransk hjerteorm (*Angiostrongylus vasorum*) hos hund

Jakob Willesens primære arbejdsområder og forskningsinteresser er indenfor området mindre husdyrs medicinske sygdomme og omfatter blandt andet:

Kardiologi (hjertesygdomme)

Pulmonologi (luftvejssygdomme)

Luftvejsparasitter

Derudover er Jakob Willesen webredaktør på www.kardiologi.ku.dk

Mulige interessekonflikter:

Gennem universitetet arbejder vi løbende med forskellige veterinære farmaceutiske virksomheder. Vi har ingen personlige eller økonomiske interesser i disse samarbejder.

Som bibeskæftigelse afholder jeg foredrag for såvel dyrlæger, foreninger, hundeejere og firmaer der ønsker efteruddannelse af personale.
